The Vanguard of Vesper

It is composed of both
a ground unit and a naval

other.

There will be a Duty

"Guard captain on watch"

In the event of the
commander or lt.cmdr
not at a town function

The duty captain
will assume his duties.

. The chain of command

Govenor, and Vesper."

(and have some fun.)

We also aid the people in
our town as guides .

UNIFORMS

As issued; also,
a shield.
a sword.
a cerimonial Halberd.
a robe.

(these belong to the
town and should be
turned in upon leaving
the service.)

For any particular
function, the uniform to
be used will be posted at
the Citadel on a board.

(as an example; at a
Kings meeting no arms
are to be carried into

Duties of the Guard.

The Guard will escort, in formation, the Governor, and his or her delegated officials.

We may serve as an Honor guard for important guests and dignitaries, as the King, etc. upon visits to Vesper or town functions.

We may post two Honor guards at meetings.

We will also serve as a Marine force crewing the fleet's ships for Naval assaults on pirates or at other sea borne activities. The Admiral being the ranking officer will always be in command of these efforts.

There is to be a bi-weekly drill to practice formations, marching, etc..

We intend to also have occasional hunts, seach parties, and social gatherings, with or without guests. > it is expected that after drills and other efforts, to have a social gathering at the local inn to splice the main brace, and maybe some food.

Combat drills for fun are an option
note* Suggestions are welcome as are any complaints are welcomed, but Must follow the chain of command.

Our banner is the standard of Vesper. The Lt Cmdr. is the personal guard for the Governor. This is his appointed function. He or she will follow the

Govenor,one step back
on their right side. They
will remain there until
released as at social
functions.

A list of all currant
members will be given to
the Govenor and the
Treasurer.

Each member will be given
a copy of the Vanguard
manual.

members are to politely
guide any stranger in our
town.

The members are
encouraged to learn all of
the towns buildings and
thier purpose. It is also
expected that members
will aid each other when
they can.

Guard,
At a set time before a

in the Guards. The
Govenor will present the

audience. The new guard
will bow to the Govenor,
turn and salute the
